LITTERBUGS - TAKE NOTICE! It's about time

STATE POLICE CRACK DOWN ON LITTERBUGS

The Mass. State Police will begin a crack down on trash and litter violations throughout the Commonwealth the week of July 6.

Commissioner of Public Safety William F. Powers announced today, except in minor cases, warnings will not be issued and court complaints will be obtained. The rigid enforcement of trash and litter violations stems from numerous complaints from the D.P.W. and the Chambers of Commerce throughout Southeastern Mass.

Last year the D.P.W. spent in excess of \$770,000 for trash and litter removal.

During this week the registry of motor vehicles will be notified of any vehicle used in violating the following laws;

Chapter 148 - Section 54

Regulating the dropping, throwing, depositing, or placing of certain substances likely to cause a fire.

Whoever drops or throws from any vehicle while the same is upon a public or private way running along or near forest land or open fields, or except as permitted by law, drops, throws, deposits or otherwise places in or upon forest land, any lighted cigarette, cigar, match, live ashes or other flaming or glowing substance, or any substance or thing which in and of itself is likely to cause a fire, shall be punished by a fine of not more than \$100.00 or by imprisonment for not more than 30 days.

Chapter 265 - Section 32

Throwing glass on streets and beaches.

Whoever throws or drops glass on a public way, or on or near a bathing beach, or on a public way, sidewalk, or reservation in the immediate neighborhood of a bathing beach, shall be punished by a fine of not more than \$50.00, or by imprisonment for not more than one month.

Chapter 270 - Section 16

Disposal of Garbage, etc.

Whoever, in disposing of garbage, refuse, bottles, cans or rubbish on a public highway or within 20 yards thereof, or on private property without permission, commits a nuisance thereby, shall be punished by a fine of not more than \$50.00. If a motor vehicle is used in committing such nuisance a conviction under this section shall forthwith be reported by the court to the Registrar of Motor Vehicles, and the Registrar may suspend the license of the operator of such vehicle for not more than 30 days, and if it appears from the records of the Registrar that the person so convicted is the owner of the motor vehicle so used, the Registrar may suspend the certificate of registration of said vehicle for 30 days.

V.F.W. FAMILY PICNIC OPEN TO PUBLIC

ALL FIREWORKS ARE BANNED IN MASS.

Commissioner of Public Safety William F. Powers and State Fire Marshall Ralph L. Garrett once again emphasize the dangers of fireworks, particularly their use by children.

General use of fireworks is forbidden by statute in Mass. and possession, use, transportation, sale and manufacture is strictly controlled and violations can and will be prosecuted.

Use by children can result in maiming by loss of sight or fingers and danger of fire is high.

Parents who find their children in possession of fireworks should advise state or local police of the source so that steps can be taken to stop these illegal sales.

The so called "cherry bombs" present a particular hazard because small children have a habit of putting these in their mouths. This particular firecracker creates the additional hazard of poisoning, since the components are toxic.

Commissioner Powers and Marshall Garrett re-emphasize not only the illegality of all fireworks, including sparklers, but also the tragic consequences that are invariably reported through the various news media on the 5th of July of each year.

PLAZA INC. NEW PACKAGE STORE IN TOWN

Among those present at the ribbon cutting and grand opening of 430 Plaza, Inc., 430 Main Street in Agawam, were Carlo F. Bonavita, president and treasurer; Morgan Orr, store manager of the Retail Liquor Outlet; and Joseph Dellaguistina, town selectman. This new package store boasts one of the finest selections of imported and domestic wines, beers and liquors available anywhere. An extra feature, for the homemaker and party planner, is the spacious wine department where patrons can browse at their leisure for selection of correct beverages to accompany and enhance meals. Also available is a wide selection of party snacks, nonalcoholic beverages and mixes, gift decanters, novelties and bar supplies. The store will be open for business daily from 9:00 a.m. - 11:00 p.m.

BOOKLET ON HISTORY OF DESIGN

A new 24-page booklet that traces the history of design from the Stone Age to the 20th Century, and deals with modern design procedures as well, has been published by the Ford Motor Co.

Created principally to supplement teaching materials now being used in art and design classes at the secondary school level, the publication gives special emphasis to the evolution of wheeled vehicles from the Egyptian chariot to autos of the future.

A portion describes and illustrates line-drawing and coloring techniques and the materials required, and shows how to make an automotive model from rigid urethane foam plastic.

According to Gene Brodinat, Ford vp, design, the booklet was prepared in response to "a growing number of requests from teachers looking for material that provides both a concise history of design and certain design instructions. The historical portions might also be useful in social studies."

Teachers may obtain a free copy of the booklet by writing to Public Relations Dept., Design Center, Ford Motor Co., P.O. Box 2110, Dearborn, Michigan 48123.

COMMEMORATIVE MEDALLIONS OF PILGRIMS' ANNIVERSARY

The limited edition of this medallion, minted by the Orleans Medalarts Co. of New Orleans, commemorates the historic 1st landing of the Pilgrims and the signing of the Compact in Provincetown Harbor on Nov. 21, 1620.

The Pilgrims wished to come to America to escape religious persecution and were granted a patent to settle in the Virginia Colony. On Sept. 16, 1620, 102 men, women and children set sail in the Mayflower from Plymouth, England, and after 2 months at sea sighted the outer shores of Cape Cod. Here they encountered dangerous shoals and so sought refuge in the safe waters of Cape Cod Bay, dropping anchor on Nov. 21, 1620, in what is now Provincetown Harbor. Before going ashore, 42 Pilgrims signed the Compact which is considered by many to stand as a corner-stone of our present democracy.

A searching party of 17 men set out in the shallop to find a location for their permanent home. The Mayflower remained in the Provincetown Harbor where Peregrine White was born, the 1st English child to be born in N.E.; and 4 Mayflower passengers died here, among them Dorothy Bradford,

William Bradford's young wife, and James Chilton, one of the Compact signers.

After suffering severe storms and intense cold, the searching party reached Plymouth on Dec. 21. Fresh water was there in abundance and land good for farming and so they decided to make Plymouth their home. Returning to Provincetown Harbor, they boarded the Mayflower and sailed 17 miles across Cape Cod Bay to land on Plymouth Rock on Dec. 26, 1620.

These medals are 1 1/2 inches in diameter, 10 gauge; in antique bronze and in silver which are .999 fine, proof-like finish. The silver edition is numbered. The bronze medals are packaged in soft vinyl envelopes, and the silver are encased in plastic boxes which allow the medals to be viewed from both sides without removal from the box. Prices are: antique bronze - \$1.50; silver - \$10.00, postage prepaid. They will be available from July 4 until Dec. 31, 1970. Orders, with remittance should be addressed to - Medallion Committee, 320 Bradford St., Provincetown, Mass. 02657.

FOCUS-OUTDOORS WEEKEND WITH NATURE

Tree and seashore ecology, how to build a birch bark canoe, discovery of the Indian past, population — these will be a few of the subjects offered in the 1970 Focus: Outdoors, a 3 day conference offered by the Mass. Audubon Society and its Arcadia Wildlife Sanctuary on July 21 - August 2.

A nature college includes 26 lecture-demonstrations and field trips on environmental subjects, taught by expert Mass. Audubon staff and specialists throughout Mass.

Feature speakers will present additional programs. These include David Brower, dynamic head of Friends of the Earth and former head of the Sierra Club; ecologists Lorus and Margery Milne, cinematographer Cleveland Grant, and author Roger

Caras.

A Hall of Conservation Action, award-winning nature photography, and sketches and drawings by Audubon artist Russell Buzzell will be on display, and Mass. Audubon's book consultant will man an environmental literature display and be available for consultation.

The weekend is a splendid introduction to the natural aspects of the N.E. region, and a rare chance for the interested amateur to meet the experienced expert, both in class and informally.

Program for the 3 days, including lodging, 6 meals and a complete set of speakers notes from the nature college costs only \$29.80. For information, write Arcadia Sanctuary, Easthampton, Mass. 01027.

STURBRIDGE CONCERT FOR THE 4TH

A select concert of 13 original compositions by William Billings will be presented by the Old Sturbridge Village Singers, assisted by the Sturbridge Martial Band at 3:30 p.m. July 4 in the Meetinghouse at Old Sturbridge Village.

The concert will celebrate the occasion of the 200th year since the publication of Billings' first book of music, "The N.E. Psalm Singer, 1770." Included in the program will be 2 "musical jokes," or novelties, as they would be called today; several psalms and hymn tunes, 2 Christmas carols, 3 patriotic songs and 2 selections dealing with death. Floyd Corson, assistant prof. of music at Westfield State College, will be singing master, and Arthur F. Schrader, music associate at the Village who organized the concert, will moderate the program.

In federal New England, Billings' music had a tremendous following among workers in towns with the farming people, but it was almost always rejected by trained musicians and fashionable people. Yet, today many musicologists speak of this crippled, half-blind ex-tanner as America's 1st music genius. Billings, who had published 6 tune books in Boston between 1770 and 1794, died in 1800 at 54 years old and was buried as a pauper in an unmarked grave on Boston Common.

The Sturbridge Singers were organized in 1962 at the Village as part of the outdoor museum's interpretation of rural N.E. life (1790-1840). The Singers' repertory comes from the religious and patriotic choral music found in tune books of the time published in the late 18th and early 19th centuries by the self-taught "singing masters." The Sturbridge Martial Band, 1st organized in 1965, performs for numerous Village functions.

All copy for this newspaper must be typed, double spaced originals. No carbons, or items which appear elsewhere before we publish, will be considered. Deadline, Monday A.M.

A Letter to THE GOVERNOR

June 26, 1970

His Excellency Francis W. Sargent
Governor of the Commonwealth of Massachusetts

Dear Governor,

I recently read the article in the Springfield News, "Sargent Calls for Investigation of Pesticides Sales in State."

Only a couple of days ago, I was in a local hardware store looking for a Pyrethrum concentrate to use in my sprayer (Pyrethrum, the safest product, appears unavailable except in pressure cans). I was offered a variety of products, almost all of them containing DDT and, or, chlordane.

Although the manager was well versant with the dangers of DDT, no effort was made to discourage my purchase of any of these products. Her excuse for carrying and selling them, was that since they were so dangerous to dispose of, there was no way of their being picked up for return or disposal. This would appear to be the 'State of the State,' no matter where you go to buy insecticides.

Regarding the customer's responsibility, in the first place, we would be back in the Neanderthal age if we waited for that to be a decisive factor, numerically speaking, and further, DDT is not stated as such, on the package, but spelled out, frequently at the tailend of a list of incomprehensible multi-syllable chemical formulae, clearly, no, unclearly, meant to confound the consumer, and also, how many of us go shopping with magnifying glasses so we can read microscopic print?

Dear Governor, Correction is sorely needed here, so whatever you plan to do, Godspeed! I know that you love the land and the creatures it houses.

Very respectfully,
Mrs. Florence Moreno

Your Unemployment Insurance

(Answers to the following questions apply to Mass. and Federal Unemployment Insurance only.)

Q. I expect to return to work next week and won't be able to go in and sign for this week's unemployment check. What do I do?

A. Complete the "Weekly Claim Statement" that you turn in every week and mail it next week to the office where you have your claim. Be sure to complete both sides of the statement telling where you go to work and the date you start.

Q. I was notified that an unemployment claim filed by a former employee had been approved. What happens now?

A. If this claim has been approved over your protest, you have seven days from the date of approval to ask for a hearing. If you don't appeal, benefit checks paid to this employee may be charged to your account up to a maximum of 36% of what you paid him in wages.

Q. I was told that I was entitled to file for unemployment benefits as an ex-serviceman. Will I be entitled to anything for my two children, ages one and three?

A. If you had active service after January 31, 1955 and otherwise eligible, you can file your unemployment claim in Massachusetts and be entitled to \$6 a week dependency allowance for each child. Be sure to bring your Form DD-214 (Discharge Papers) when you file your claim.

NAME THE FILLY CONTEST FOR KIDS

The newest member of the Kiddieland Zoo family needs a name! The filly born on June 22 to "Tilleen" has been attracting large crowds to Kiddieland since the announcement of her birth.

ZTMA (The Greater Springfield Zoological and Trilside Museum Assoc'n), which operates the Kiddieland Zoo will kick off a "Name the Filly" contest on Saturday. First prize will be a free membership in ZTMA plus a season-long pass on the Forest Park Tour Train. A host of other prizes will be awarded for other good suggestions.

Entry blanks will be available at the Kiddieland Zoo food booth, or you may send your suggestion to ZTMA, Box 295 (Forest Park Station), Springfield, Mass. 01108. Be sure to include your name, address and phone number. Entries close at 5 p.m. on Sat., July 4. Winners will be announced at 2 p.m. on Sunday, July 5.

DON'T BECOME A HOLIDAY STATISTIC

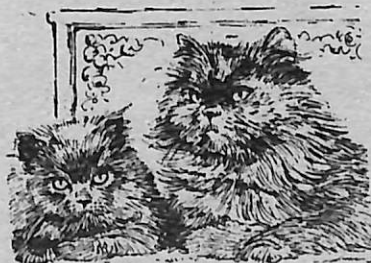

JULY FOURTH
HOLIDAY STATISTICS
1967 — 11 killed!
1968 — 15 killed!
1969 — 16 killed!

How many will die needlessly in traffic crashes on the Mass. highways in 1970 during the July 4 holiday week end?

We don't know — but we can predict that if the pattern of previous years holds true, 2/3 of those who die will die because of drunken drivers!

Registrar Richard E. McLaughlin has assigned all available men to highway safety activities for the 78-hour holiday period which begins at 6 p.m. on Thursday, July 2 and ends at midnight Sunday, July 5.

McLaughlin stated, "Whether you live or die this July 4 depends largely on you. If you must drive, be sure your vehicle is in safe mechanical condition and don't overload it. Plan your trip for off-peak hours during daylight. Use seat belts and ask passengers to do the same. Keep yourself in 'safe driving condition.'"

F.M.

In the Parade section of June 30 Republican, there was a large ad for a 'Super Surge Insect Killer.'

It says that one application lasts all summer. That alone should tell you to stay away from it. The sprayer may be good, but the chemical used is chlordane.

Friends, chlordane will not only kill all the insects listed — it will go far towards killing all your pets, and you and me, too. Chlordane really helps to make it a "Silent Spring."

Insects, good and bad, are a part of nature, and you can't wipe them all out, without paying the price. You just can't kill every species outright, and make nature like it.

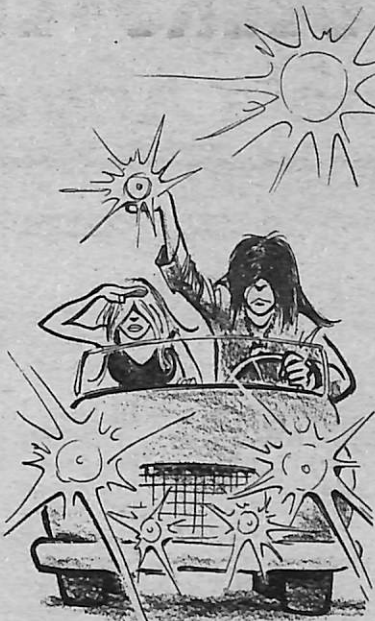

Chlordane doesn't last all summer. It lasts from 8 to 10 years in the ground, and more. Think about it when your children sit on the grass, or your puppy chews on a twig. Is it worth the risk? There are other products less deadly, less toxic. It's bad enough that much of the beautiful food we buy has been "protected" by chlordane. I'd rather eat the worm in the apple than the poison that "protects" it.

NOW HEAR THIS, SMOKERS

There seems to be no end to the damage cigarette smoking can cause. Lung cancer. Chronic bronchitis. Impaired circulation. Heart disease. Peptic ulcer.

Now research indicates smoking may also cause hearing loss after 50 in men. According to Dr. William Weiss, of the Women's Medical College in Pennsylvania, smoking damages the ear's Eustachian tube and results in impaired ability to hear low-pitched sounds. But the damage seems to be cumulative and does not affect younger people.

Dr. Weiss' study clearly showed cigarette smoking related to hearing loss for male smokers aged 50 to 67 years old. Non-smokers at this age did not suffer the same extent of hearing loss.

Although younger smokers may not suffer hearing loss from smoking for many years, there is evidence that they do not get off lightly in other ways. There is evidence, for example, that smoking increases dramatically the severity of chronic respiratory symptoms — even in smokers as young as 13 years old. A study of 13,327 teenagers in Rochester, New York, showed more chronic cough and sputum production among teenage smokers than among nonsmokers of the same age. Dr. David Rush, who conducted the study, said, "The effect of smoking is severe, and almost immediate."

Nobody — young, old, male, female — escapes the ill effects of smoking. Studies show teenage smoking is beginning to drop off, and smoking among men is on the decrease. But the percentage of women smokers is increasing every year. And the number of women who have died from chronic bronchitis and emphysema — both diseases associated with smoking — has doubled in the last 10 years.

Kicking the habit is a matter of life and breath to everyone. Just ask your local T.B. and respiratory disease assoc'n.

BEST BUYS

THIS WEEK'S BEST BUYS
FROM MASSACHUSETTS FARMS

The yield of fresh vegetables from nearby farms is plentiful in a multitude of varieties this week, according to the Mass. Dept. of Agr. The kids may not be too happy at this news, but budget-conscious homemakers will do well at produce counters and roadside stands.

Rating Best Buy status now are: beets and greens — collard and beet greens, kohlrabi, dandelions, cabbage and kale — and all varieties of lettuce. Fresh peas started bearing last week and are also in ample supply. Chicory is in heavy supply; plump and juicy strawberries from local growers are still in full swing.

Greenhouse cucumbers are in light supply, ending their season. Swiss chard is available, but scarce. Radishes and yellow and green zucchini squash are just beginning to appear, and will be plentiful within a few days. Scallions (green onions) are plentiful. Fresh spinach is in moderate supply.

All the native vegetables this season are of excellent quality and flavor.

ZUCCHINI-PINEAPPLE SALAD BOWL

- 1 hd. Boston or Romaine lettuce
- 4 small zucchini
- 1 med. can pineapple chunks
- 1 sweet red onion
- 2 tbs. sugar
- 2 tbs. white vinegar
- 1 tbs. Roquefort or bleu cheese
- ½ cup light cream

Wash lettuce, dry, and set to chill & crisp. Wash, dry & slice zucchini very thin. Drain pineapple chunks. Peel onion & slice into rings. Line wooden salad bowl with lettuce leaves. Mix in separate bowl the zucchini, pineapple and onion rings, with sugar, vinegar, mashed cheese and cream. Toss several times, making sure zucchini & pineapple are well saturated with the dressing. Pile into bowl and serve.
